

BookOut for Lenders

Accurate evaluations = Smarter decisions

We make it easy to ensure the loan vehicle valuations submitted by your dealers through Dealertrack are accurate. With application to you, Dealertrack automatically books out the vehicle using the year/make/model/trim as well as its condition.

Features and Benefits:

- Reduces chance for error with results from the industry's reliable sources: Kelley Blue Book®, J.D. Power, or Blackbook®.
- Provides accurate valuations on used vehicles (per your preferred book) automatically for each credit application.
- Frees up analysts' time for more important work.
